Report IPASC-2022

It is always important for Pharmacy students to update with current knowledge and technology in field of Pharmaceutical Science. MIPER is constantly encouraging the students to enhance the knowledge by attending various seminars and conferences

Now, as a part of **IPA-Student Convention (IPASC 2022) 2022 held on** Raghavendra Institute of Pharmaceutical Education & Research (RIPER), Anantapur on 3rd & 4th Dec 2022, 45 students from MIPER has attended.

The students have attended scientific sessions and participated actively in the interactive sessions held by the subject experts & key note speakers of the convention.

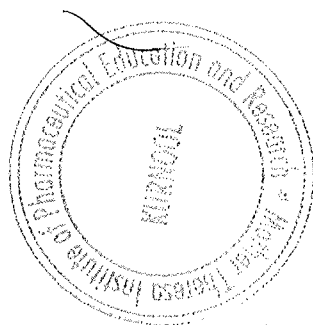

Dr. Y. Padmanabha Reddy, Convenor of the Program was appreciated the students for their active participation in the sessions.

Later, students are taken the opportunity to meet the Chief Guest of the Program Dr. Montu M. Patel, President, Pharmacy Council of India.

Students were obtained participation certificates from the convention. The feedback of the students at the end of the Program was very positive and they expressed that it was a great platform for meeting professionals & subject experts. They also motivated for participating actively in more such gatherings in future.

The students were accompanied by Dr. K. Suresh, Mr. R. Raghuveer, Mr. S.Venu.

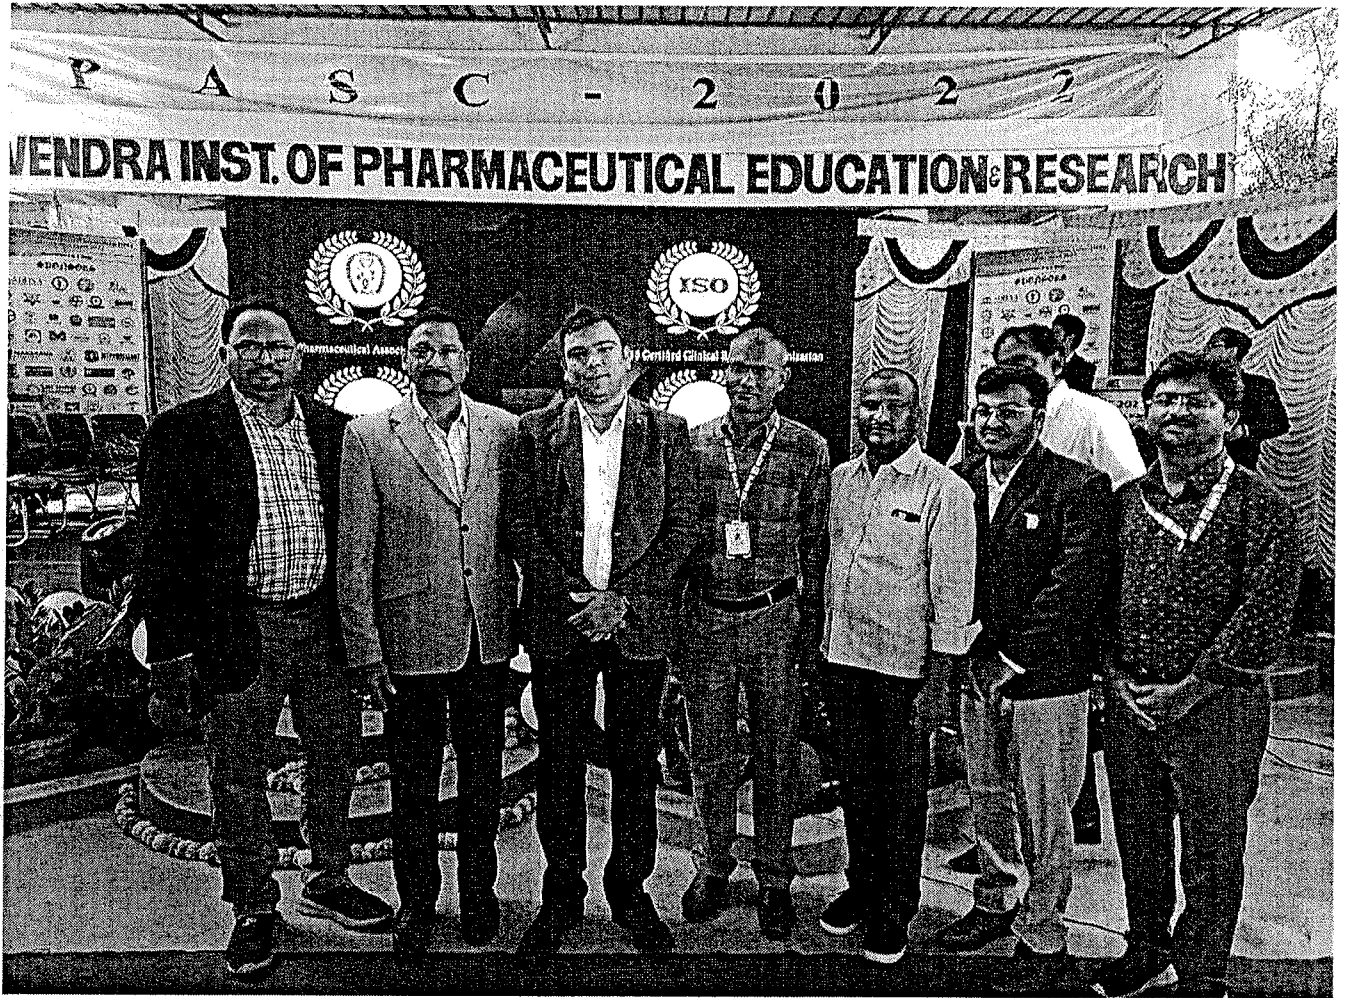

Students & staff registrations for the IPASC Convention was financially supported by Institution. Students & staff were expressed their gratitude to the management Dr. A. Sathish & Dr. Stella Sathish for their kind support extended to attend this Convention.

Industrial Visit Report: Educational Visit to IICT by MIPER Pharmacy College Students

Date: 25-04-2023

Location: Indian Institute of Chemical Technology (IICT), Hyderabad

On 25th April 2023 a group of 45 pharmacy college students embarked on an educational visit to the renowned Indian Institute of Chemical Technology (IICT), Hyderabad. The purpose of the visit was to provide students with an insight into cutting-edge research and advancements in the field of chemical technology.

The students were warmly welcomed by the institute's staff and researchers, who generously shared their knowledge and experiences. The itinerary included informative sessions, laboratory tours, and interactive discussions on various research projects being conducted at IICT.

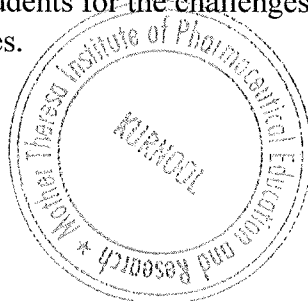

During the visit, students had the opportunity to explore state-of-the-art laboratories equipped with advanced instrumentation. They witnessed live demonstrations of ongoing experiments and gained practical insights into various pharmaceutical and chemical processes. The researchers at IICT generously answered queries, fostering an environment of learning and curiosity.

Additionally, the students attended lectures by eminent scientists and scholars, covering topics ranging from drug discovery to sustainable chemical processes. These sessions provided a bridge between theoretical knowledge acquired in classrooms and real-world applications.

The visit proved to be highly beneficial for the students, offering them a glimpse into the dynamic world of research and development. It not only expanded their understanding of pharmaceutical sciences but also inspired them to consider future career paths in research and innovation.

In conclusion, the educational visit to IICT was a resounding success. The students expressed gratitude for the enriching experience, acknowledging the impact it had on their academic and professional aspirations. Such initiatives play a crucial role in bridging the gap between academia and industry, preparing students for the challenges and opportunities in the evolving landscape of pharmaceutical sciences.
