ERP DOCUMENT

MIPER College is using ZENOXIT ERP software for executing various functions in the institution. ERP facilitates various activities related to academics, administrations, library, class work, examination, accounting etc. The following are some important areas where our institute is using the ERP services:

Student Management

Our institute management software keeps track of all student's information and leads that can be used for follow up. Tracking of those leads to conversion to admission and document upload.

Administrative Tasks

ZenoxERP is the educational institute management system which is using in the MIPER that manages all administrative tasks like student admissions, payroll, fee receipt, salary, transport, library, internal task assignments with all-in-one solution.

Students Academics

Our educational institute management software manages online examination, offline marks upload, Certifications, marksheet, bonafide, TC, LC & other certificates with complete examination reports.

Accounting & Finance

At our educational institute management system we provide complete modern accounting with in depth P & L, balance sheet, ledger, trial account, purchase, inventory, expenses, journal entries on basis of accrual & cash.

Online Virtual Class Room

With our Live classroom feature, users can easily conduct online live lectures. The purpose of the institute management system is ensuring real-time engagement of all students & teachers.

Android/iOS Mobile App

To bridge the communication gap between students, parents, trainers, admin etc. mobile app plays a vital role. Admin mobile app helps to keep track & control of institutions performance & activities.
