Objective of the Program

The primary objective of the FDP is to expose teachers of pharmacy education to the latest pedagogical tools and technologies. The resource person, an expert in the field, will guide participants in exploring innovative approaches to teaching, fostering engagement, and adapting to the evolving landscape of education. The resource person will provide an overview of the latest tools and technologies transforming the educational landscape. This included virtual and augmented reality, gamification, and other digital tools designed to enhance the learning experience in pharmacy education.

PROGRAM REPORT

Name of the Program: A One Week Faculty Development Program on
“Exploration of Emerging Pedagogical Tools for Updating
Teachers of Pharmacy Education”

Resource Person:

Mrs. H.M. Sowjanya,
Associate Professor,
Dept. of Pharmaceutics,
St. Johns College of Pharmaceutical Sciences, Yemiganur.
Phone No: +91 9398 958 029

Duration: 18-11-2019 to 23-11-2019(6 Days).

No. of Participants:36

MIPER hosted a dynamic Faculty Development Program (FDP) focused on the theme "Exploration of Emerging Pedagogical Tools for Updating Teachers of Pharmacy Education." The program was designed to empower educators in the field of pharmacy with the latest pedagogical tools and techniques to enhance their teaching methodologies and keep abreast of advancements in education.

The primary objective of the FDP was to expose teachers of pharmacy education to the latest pedagogical tools and technologies. The resource person, an expert in the field, guided participants in exploring innovative approaches to teaching, fostering engagement, and adapting to the evolving landscape of education. The resource person provided an overview of the latest tools and technologies transforming the educational landscape. This included virtual and augmented reality, gamification, and other digital tools designed to enhance the learning experience in pharmacy education.

Practical workshops and demonstrations were a key component of the FDP. Participants engaged in hands-on activities, gaining firsthand experience in utilizing emerging pedagogical tools. This interactive approach allowed educators to explore the tools in a simulated classroom environment. The FDP emphasized the seamless integration of technology into pharmacy education. Strategies for incorporating e-learning platforms,

interactive simulations, and collaborative online tools were discussed, with a focus on optimizing student engagement and knowledge retention.

Participants were guided on tailoring their teaching strategies to accommodate diverse learning styles among pharmacy faculty. The program emphasized the importance of recognizing individual differences and leveraging emerging tools to create personalized learning experiences.

The FDP addressed innovative approaches to assessment and feedback using digital tools. Participants explored methods such as online quizzes, peer assessments, and real-time feedback mechanisms to enhance the evaluation process and promote continuous improvement. Participants expressed high levels of enthusiasm and engagement throughout the FDP. Interactive sessions, Q&A forums, and group discussions facilitated the exchange of ideas and experiences among educators, creating a collaborative and dynamic learning environment.

Conclusion:

The FDP on "Exploration of Emerging Pedagogical Tools for Updating Teachers of Pharmacy Education" by MIPER provided a valuable platform for educators to stay current with the rapidly evolving field of education. Faculty members from several institutes enthusiastically participated in the 5-day Faculty Development Program. The program equipped participants with practical knowledge and skills to integrate cutting-edge pedagogical tools into their teaching methodologies, ultimately enhancing the learning experiences of pharmacy faculty. MIPER's commitment to advancing education through such initiatives is commendable, and it is anticipated that the impact of this FDP will resonate in the teaching practices of the participating educators, contributing to the overall excellence of pharmacy education at the institution.

PROGRAM REPORT

Name of the Program: A One Week Faculty Development Program on “**Process of Writing Research Papers for High-Quality Journals**”

Details of the Resource Person:

Mr. K Sampath kumar
Assoc.Professor
Dept. of Pharmaceutics,
Santhiram College of Pharmacy, Nandyal.

Phone No:9391393019

Duration of the Program: 02-03-2020 to 07-03-2020(6 Days)

No. of Participants:36

MIPER conducted a highly beneficial Faculty Development Program (FDP) on the "Process of Writing Research Papers for High-Quality Journals." Mr. K Sampath kumar, a distinguished expert in the field of academic publishing, led the program with the aim of equipping faculty members with the skills and knowledge necessary to produce research of the highest quality and publish in esteemed journals.

The primary objective of the FDP was to guide and mentor faculty members on the intricacies of the research paper writing process, from conceptualization to publication. Mr. K Sampath Kumar shared insights into the standards and expectations of high-quality journals, helping participants enhance their research dissemination skills.

Mr. K Sampath Kumar began the program by emphasizing the importance of understanding the specific requirements and expectations of high-quality journals. Participants were guided on how to choose the right journal for their research and align their work with the journal's scope and guidelines. The FDP delved into the essential components of a research paper and discussed effective strategies for structuring the manuscript. Mr. K Sampath kumar provided practical tips on crafting compelling titles, abstracts, introductions, methodologies, results, discussions,

and conclusions. Participants received in-depth guidance on conducting literature reviews and integrating relevant citations into their research papers. Mr. K Sampath Kumar emphasized the importance of a thorough literature review in establishing the context and significance of the study.

The program addressed best practices for presenting and analyzing research data. Mr. K Sampath Kumar shared techniques for creating clear and visually appealing figures and tables, ensuring that data presentation aligns with the standards of high-quality journals.

Understanding the peer review process, participants learned how to respond effectively to reviewer feedback. Mr. K Sampath Kumar provided insights into common reviewer comments and strategies for revising manuscripts to meet journal standards. The FDP fostered active engagement through interactive discussions, hands-on exercises, and Q&A sessions. Participants were encouraged to share their research experiences and challenges, creating a collaborative learning environment.

The FDP on the "Process of Writing Research Papers for High-Quality Journals" by MIPER, led by Mr. K Sampath Kumar, proved to be instrumental in enhancing the research writing skills of the faculty members. Faculty members from various institutes actively participated in the 5 day Faculty Development Program. The program equipped participants with valuable insights into the expectations of high-quality journals, from initial manuscript preparation to addressing reviewer comments. MIPER's commitment to fostering research excellence through such initiatives is commendable, and it is anticipated that the skills acquired in this FDP will contribute to the successful publication of high-quality research from the institution's faculty in reputable journals.

A ONE DAY DEVELOPMENT PROGRAM ON MAXIMIZING EFFICIENCY AND PRODUCTIVITY IN SKILL ENHANCEMENT

19-10-2019

Objectives of the program

The main objective of the program is to provide professional development. Opportunities to enhance administrative support. This includes training programs, workshops, and seminars to enhance skills related to technology, communication, problem-solving, and customer service. Building a skilled and knowledgeable administrative workforce is crucial for supporting academic excellence.

Topics covered

- Modernizing Administrative Processes
- Information Management Systems
- Communication Strategies
- Professional Development for Administrative Staff
- Continuous Improvement Culture
- Strengthening Student Services

PROGRAM REPORT

Date: 20-10-2019

Name of the program: One day development program on “Maximizing efficiency and productivity in skill enhancement”

Date of the activity: 19-10-2019

No. of Participants: 08

Objectives:

The primary objective of this program is to empower our non-teaching staff with the necessary skills and knowledge to enhance their professional capabilities. By investing in the development of our valued non-teaching team members, we aim to create a more dynamic and efficient working environment.

Topics covered:

1. Effective Communication Skills
2. Time Management and Productivity
3. Interpersonal Relations and Team Collaboration
4. Technology Proficiency
5. Professional Development and Career Growth

Outcome of the program:

Non-teaching staff members will gain essential computer skills, become proficient in relevant software applications, and develop a heightened awareness of cybersecurity best practices. This knowledge will empower them to navigate and contribute more effectively in an increasingly digital workplace. Attendees will acquire practical strategies to prioritize tasks, manage their time efficiently, and enhance overall productivity. This will result in a more organized and focused approach to daily responsibilities.
