2.5.1: Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient.

Marks: 40

Obtained grade from NAAC: 2

Expected grade from NAAC: 4

At MIPER, we uphold the highest standards of transparency and fairness in our assessment processes, ensuring that every student's academic performance is evaluated accurately and impartially. Our internal and external assessment mechanisms are designed to be comprehensive and transparent, providing clear guidelines and criteria for evaluation. Institute strictly adheres to the academic calendar and schemes for internal/external theory and practical examinations. The internal examination scripts are distributed to students for more transparency. The Examination Committee takes care of all examination-related work at institute level with one of the faculty members as College Examination in-charge. He communicates all exam related matters to the staff and students by sending the notices and displaying them on the college notice-board, and on the website.

Transparent Assessment Mechanism: The internal assessment system at MIPER involves continuous evaluation through quizzes, assignments, laboratory work, and mid-semester exams. Students are informed about the assessment criteria, weightage of each component, and schedules well in advance. For external assessments, we adhere to the guidelines laid down by the JNTUA university and Pharmacy Council of India. The process includes endsemester examinations, which are conducted with strict adherence to protocols ensuring integrity and transparency. Answer scripts are evaluated by qualified faculty members, and the results are issued within a stipulated timeframe. Any discrepancies in the assessment are addressed promptly through a systematic re-evaluation process.
